Chief Madothi Children’s School & Feeding Fund

Cape Maclear, Chembe Village, Monkey Bay, Mangotchi Region, Malawi

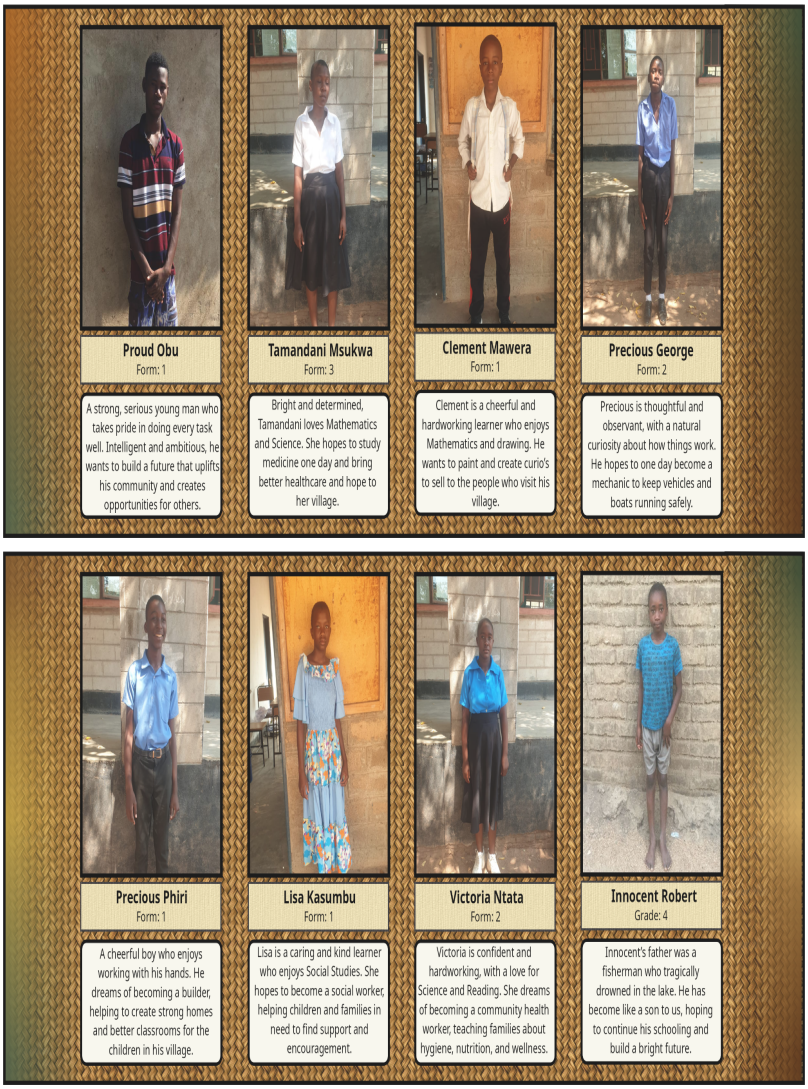

Dear Canva Humanitarian Team,

Warm greetings from the shores of Lake Malawi. We are Mike and Adine, founders and partners of the **Chief Madothi Children’s Fund** in Cape Maclear. Our mission is simple but urgent — to provide education, nourishment, and opportunity for the children of Chembe Village, where even a few kwacha can mean the difference between learning and hunger.

We were inspired to see Canva’s support of **GiveDirectly’s humanitarian work in Malawi**. It gave us hope that organizations like yours truly care about communities such as ours, where small actions create lasting change.

Every meal served and every book provided brings another child closer to hope, dignity, and opportunity. With community volunteers, local leaders, and Chief Madothi himself, we are building a grassroots effort that uplifts children through education and daily nutrition. The smiles you see below are from our first-term learners — children who remind us daily that hope begins with care.

Learners from Chembe Village Primary School

Impact Snapshot (Per Child):
Education – MWK 130,000 / R1,300 ≈ $75 per term ($226 per year)
Feeding – MWK 144,000 / R1,440 ≈ $84 per term ($251 per year)
Total: Around $500 per child per year for full education and feeding support.

How Canva Can Help:
• Sponsor or fund the nonprofit registration in Malawi.
• Collaborate through Canva's humanitarian partners, such as GiveDirectly.
• Provide a complimentary Canva Pro for Teams account to empower our local outreach and storytelling.

Together, we can bring dignity, education, and nourishment to more children — one classroom, one meal, one smile at a time.

Warm regards,

Mike and Adine
