

Introducing Chief Madodhi’s Children’s School and Feeding Fund

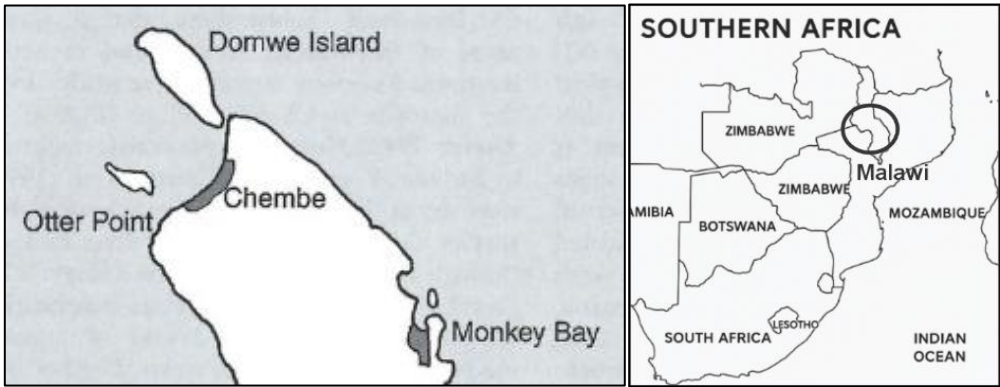

In Chembe Village on the shores of Cape Maclear (Monkey Bay, Mangochi), families work hard to give their children a brighter future. Together with Chief Madodhi and community members Robert Matewere and William his nephew, we’re launching the Chief Madodhi’s Children’s School and Feeding Fund to meet two urgent needs: keeping children in school and making sure they don’t learn on an empty stomach.

What your support does

- **Covers children’s school fees** so learners can enrol and stay in class—along with essentials like uniforms, exercise books, pens, and exam fees.
- **Run a simple, reliable feeding program** that provides nutritious meals sourced from local markets, improving concentration, attendance, and health.

Community-led, transparent, and accountable

This initiative is locally guided by Mr Robert Matewere, and William his nephew, with community volunteers tracking beneficiaries, receipts, and meal schedules. We’ll share straightforward updates— how many learners are covered, how many meals served, and a plain-language summary of costs—so every donor can see their impact.

Here’s a map highlighting **Chembe (Cape Maclear)** and its surroundings on the Nankumba Peninsula— showing the general layout of the land and lake, including village areas, shoreline, and nearby topography.

How to help

A small contribution goes a long way in Chembe Village. Monthly donations keep learners in school and meals on the table; once-off donations help us respond to urgent gaps. If you can't give, please share this appeal with someone who might.

Together, we can turn consistent support into consistent opportunity—one set of school fees and one meal at a time.

Donations can be made to Mr Robert Matewere or Mike Tanton either via Western Union or directly to their bank accounts as detailed below:

The Madodhi Children’s School and Feeding Fund

Fund administrator/director Mr Robert Matewere

ID No: GA6VK7YX

Cell: +265 0995601716
