## About the Fund and Its Administrators

While living in Cape Maclear, we were fortunate to meet Mr. Robert Matewere, who is dedicated to ensuring local children receive an education. Robert raises funds to cover school fees, uniforms, books, pens, pencils, and exam fees. He also ensures that the children attend school and that all funds are used appropriately. Robert serves as the official administrator of the fund, and his Malawi Identity Card is attached for verification.

Working alongside him is his nephew, William, who has taken the initiative to run a children ' s feeding program. William, with the support of other community members, ensures that the funds raised go directly to feeding the children. His Malawi Identity Card is also attached for verification.

Adine and I were so impressed by Robert and William ' s dedication that we decided to help them raise funds to support these incredibly worthwhile efforts.

## School Term Schedule

A full classroom at the start of a new term — with your help, every child here can stay in school and continue learning.

## Thank You

Thank you for supporting Chief Madodhi's Children's School and Feeding Fund. Your generosity ensures that children in Chembe Village can continue their education and receive daily nutrition. With your help, we are building a brighter future together.
